

The Recite Me Assistive Toolbar

me

Who Does The Toolbar Help?

The Recite Me assistive technology is now available on our website and can be used by anyone!

We want to ensure you can customise your digital experience in a way that best suits your individual needs. 90% of people do not have access to the assistive technology they need and we want to break down this barrier, particularly for those who may have a disability, learning difficulty, visual impairment, or speak English as a second language.

Toolbar Accessibility Features

Screen Reader

Providing our screen reader will help website visitors to perceive and understand your digital content by reading aloud website text, which can be customized to suit the viewer.

Reading Aids

To simplify use and support your website visitors, the Recite Me web accessibility toolbar provides five main tools; ruler, screen mask, magnifier, margins, and a dictionary.

Styling and Customisation

Recite Me assistive technology allows people to change the way a website looks. Users are able to customize the website's colour scheme as well as the text, font style, size, colour, and spacing.

Translation

Recite Me web accessibility technology quickly and easily translates all your web content into over 100 languages, including 65 text-to-speech voices.
