Independent Water Networks Limited

Notes to the Financial Statements for the Year Ended 31 March 2023

1 General information

The company is a private company limited by shares, incorporated in the United Kingdom and registered in England and Wales.

The address of its registered office and principal place of business is:

Synergy House
Woolpit Business Park
Woolpit
Bury St Edmunds
Suffolk
IP30 9UP

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of preparation

These financial statements have been prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with FRS 102, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland.'

The financial statements are presented in Pounds Sterling, which is also the functional currency.

Summary of disclosure exemptions

The Company meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the disclosure exemptions available to members of a group where consolidated financial statements are publicly available. Exemptions have been taken in relation to the presentation of a cash flow statement, certain financial instruments and remuneration of key management personnel.

Name of parent of group

These financial statements are consolidated in the financial statements of BUUK Infrastructure No 2 Limited.

The financial statements of BUUK Infrastructure No 2 Limited may be obtained from Synergy House, Woolpit Business Park, Windmill Avenue, Woolpit, Bury St Edmunds, Suffolk, IP30 9UP.

Independent Water Networks Limited

Notes to the Financial Statements for the Year Ended 31 March 2023 (continued)

2 Accounting policies (continued)

Going concern

The Company forms part of the Group headed by BUUK Infrastructure (Jersey) Limited ("BUUK") of which the ultimate parent undertaking is Brookfield Corporation. The funding required to finance the activities of BUUK's subsidiaries is organised and managed on a centralised basis on behalf of all members of the Group.

The Group is cash generative and holds a Baa2 (investment grade) rating from Moody's. The rating was reconfirmed by Moody's in May 2022. At the date of approval of the financial statements the Group has undrawn committed facilities of £205.3m with a syndicate of banks, of which £151.7m is available for general corporate purposes and £53.6m is linked to future capital expenditure. These facilities were renewed in 2019 and are due to expire on 18 September 2024.

The Group has Senior Secured Loan notes denominated in GBP (£1,835m) which incur a fixed rate of interest. The Group's borrowings have an average remaining maturity of c.8.8 years, with maturity dates ranging from 2025 to 2048. £226m of the loan notes in place at year end were due for repayment in April 2023, these comprised \$350m denominated in USD and £25m in GBP. Cross currency interest rate swaps, used to fix the US\$ denominated interest and capital repayments, were settled alongside the capital repayment. This obligation was met through the issue of new senior loan notes, with a value of £350m in the same month.

The Directors have received assurances that the company will have access to the BUUK Group's financial resources for a period of at least one year from the date of signing of the financial statements, that companies in the BUUK Group will not demand repayment of any inter-company debt where the company does not have the financial resources to effect such payment, and that this financial support will be sufficient for the company to continue to trade and meet its obligations as they fall due. The Group's forecasts, taking into account reasonable possible changes in trading performance, show that the Company should have adequate resources to continue in operational existence for the foreseeable future.

Given the above, the Directors have a reasonable expectation that the Company can continue to meet its liabilities as they fall due, for a period of at least 12 months from the date of this annual report. Accordingly, they have prepared the financial statements on the going concern basis.

Changes in accounting policy

During the period ended 31 March 2023, a change in accounting policy has been implemented to transition from a cost to revaluation model for subsequent measurement of Network assets, in order to present more relevant information for the users of the accounts. Further details are included within the tangible assets accounting policy.

This change has been applied prospectively, in line with FRS 102 10.10A.

Judgements and key sources of estimation uncertainty

The Directors consider the following to be critical judgements or key sources of estimation uncertainty that have been made in the process of applying the Company's accounting policies which have a significant effect on the amounts recognised in the financial statements.

The Directors consider the useful economic lives of tangible fixed assets to be a key source of estimation uncertainty. The useful economic lives are determined based on management's judgement and past experience. When management identifies that actual useful economic lives differ materially from the estimates used to calculate depreciation, the charge is adjusted for prospectively over the remaining useful lives of the assets.

Independent Water Networks Limited

Notes to the Financial Statements for the Year Ended 31 March 2023 (continued)

2 Accounting policies (continued)

Revenue recognition

Turnover represents the amounts receivable for services provided in the normal course of business for water transportation for the Company's network assets, net of discounts, VAT and other sales-related taxes, recognised when services are provided and rendered based upon usage during the year.

All turnover and profit before taxation, by origin and destination, was attributable to the UK.

Finance income and costs

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be reliably measured. Interest is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Interest costs are accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

Current tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Deferred tax is recognised in respect of all timing differences between taxable profits and profits reported in the financial statements.

Unrelieved tax losses and other deferred tax assets are recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference.

Tax assets and liabilities are not discounted.

Where items recognised in other comprehensive income or equity are chargeable to or deductible for tax purposes, the resulting current or deferred tax expense or income is presented in the same component of comprehensive income or equity as the underlying transaction.

Independent Water Networks Limited

Notes to the Financial Statements for the Year Ended 31 March 2023 (continued)

2 Accounting policies (continued)

Tangible assets

Tangible assets is stated in the statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

Asset class	Depreciation method and rate
Infrastructure assets	20-80 years straight line

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts.

Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the Company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Independent Water Networks Limited

3 Operating loss

Arrived at after charging/(crediting)

	2023	2022
	£	£
Depreciation expense	<u>336,205</u>	<u>178,804</u>

Fees for the audit of the financial statements of £13,660 (2022: £13,660) were borne by another Group company during the year on behalf of Independent Water Networks Limited.

4 Interest payable and similar expenses

	2023	2022
	£	£
Interest payable on loans from group undertakings	<u>262,590</u>	<u>33,882</u>

5 Staff costs

The Company had no employees during the year (2022: nil) with all administrative tasks undertaken by employees of fellow Group undertakings.

6 Directors' remuneration

The Directors received no emoluments in the year (2022: £nil) in respect of qualifying services. The Directors are employees of other Group companies and the services that they provide to the Company are considered ancillary to the services that they provide to those other Group companies. There were no directors' emoluments or staff costs arising in the period with all administrative tasks undertaken by employees of a fellow subsidiary. Consequently, there is no link between remuneration and standards of performance.

Independent Water Networks Limited

Notes to the Financial Statements for the Year Ended 31 March 2023 (continued)

7 Taxation

Tax charged/(credited) in the income statement

	2023	2022
	£	£
Current taxation		
UK corporation tax	(567,658)	(328,875)
Deferred taxation		
Arising from origination and reversal of timing differences	230,476	211,719
Adjustment in respect of previous period	<u>-</u>	<u>14,291</u>
Total deferred taxation	<u>230,476</u>	<u>226,010</u>
Tax receipt in the income statement	<u>(337,182)</u>	<u>(102,865)</u>

The differences between the tax assessed for the year and the standard rate of corporation tax of 19% (2022: 19%) are reconciled below:

	2023	2022
	£	£
Loss before tax	<u>(1,841,888)</u>	<u>(541,397)</u>
Corporation tax at standard rate	<u>(349,959)</u>	<u>(102,865)</u>
Total tax credit	<u>(349,959)</u>	<u>(102,865)</u>

Deferred tax

The Finance Bill 2021, substantively enacted in May 2021, provided for the main rate of corporation tax to increase to 25% from 1 April 2023. Accordingly deferred tax has been calculated at the 31 March 2023 using a tax rate of 25%.

The Company has no unrecognised deferred tax assets or liabilities at 31 March 2023 (2022: £nil).

Charge for the year	<u>336,204</u>
At 31 March 2023	<u>1,686,389</u>
Carrying amount	
At 31 March 2023	<u><u>40,891,408</u></u>
At 31 March 2022	<u><u>11,060,605</u></u>

Revaluation

The fair value of the company's Network assets was revalued on 31 December 2022. An independent valuer was not involved.

The valuation was based on a fair value model which applied an RPI-based revenue growth methodology to a zero-connections growth scenario over a 10 year period using internally-approved budgets which are built on detailed RPI-based revenue growth models. A perpetuity calculation is then used and based on the final year of the 10 year model, normalised for any known one-off items reflected in year 10. The fair value model assumes an annual level of operating costs and maintenance expenditure sufficient only to support the continued operation of the network assets in existence at the statement of financial position date. The rate used to discount the estimated cash flows was 7.2%.

Had this class of asset been measured on a historical cost basis, the carrying amount would have been £16,493,275 (2022: £10,264,285).

The estimated fair value was materially sensitive to two input assumption made in deriving the model - the discount rate and the long-term terminal growth rate of 2%. A 100 basis point increase in the discount rate would result in a decrease in the fair value of approximately £2,797,145 and a 100 basis point decrease in the long-term terminal growth rate would result in a decrease in the fair value of approximately £1,798,534.

Independent Water Networks Limited

Notes to the Financial Statements for the Year Ended 31 March 2023 (continued)

9 Debtors

	2023	2022
	£	£

Independent Water Networks Limited

Notes to the Financial Statements for the Year Ended 31 March 2023 (continued)

13 Dividends

Dividends are paid out of distributable profits provided that there is free cash flow to meet the payments.

During the period no dividends were paid (2021 - £nil).

14 Commitments

Capital commitments

The Company has capital commitments in respect of the adoption of infrastructure assets.

The total amount contracted for but not provided in the financial statements was £74,110,749 (2022 : £68,256,122).

15 Related party transactions

The Company has taken advantage of the exemption provided by FRS 102 paragraph 33.1A not to disclose transactions with other wholly-owned Group undertakings.

The Company has taken advantage of the exemption provided by FRS 102 paragraph 1.12(e) not to disclose key management personnel compensation.

16 Parent and ultimate parent undertaking

The company's immediate parent is Inexus Group (Holdings) Limited, incorporated in United Kingdom.

The ultimate parent and controlling party is Brookfield Corporation, incorporated in Canada.

The largest group of which the Company is a member and for which Group financial statements are prepared is Brookfield Corporation. These financial statements are available upon request from its registered office at Brookfield Corporation, Suite 100, Brookfield Place, 181 Bay Street, Toronto, Canada.

The smallest group of which the Company is a member and for which Group financial statements are prepared is BUUK Infrastructure No 2 Limited, a Company registered in England and Wales. These financial statements are available upon request from its registered office at Synergy House, Woolpit Business Park, Windmill Avenue, Woolpit, Bury St Edmunds, Suffolk, IP30 9UP.
